Monday, May 15

- 🕒 0700 Registration Opens
- 🕒 0800 Opening Ceremony
- 🕒 0830 Opening Talk
- 🕒 0900 Keynote Theme 6
Invasion risk and range redistribution of non-native species under climate change
- 🕒 0930 Featured Speaker
- 🕒 1000 Discussion TBD
- 🕒 1030 Coffee Break
- 🕒 1100 Keynote Theme 3
Understanding ecological and evolutionary mechanisms facilitating or hindering range shifts
- 🕒 1130 Keynote Theme 7
Conservation paradigms & management strategies for a moving and (dis)connected future
- 🕒 1200 Lunch and Workshops/Discussion Groups
- 🕒 1400 Breakout Sessions

- 🕒 1530 Coffee Break

- 🕒 1600 Breakout Sessions

- 🕒 1700 Popular Talk
Professional Photographer and speaker on S. Florida ecosystems

- 🕒 1800 Welcome Reception

Tuesday, May 16

- 🕒 0700 Registration Opens

- 🕒 0800 Keynote Theme 12
Ecosystem and biome shifts, including geochemical impacts from species on the move

- 🕒 0830 Featured Talk

- 🕒 0900 Keynote Theme 4
Impacts of climate change on community structure and patterns of taxonomic, functional, and phylogenetic diversity

- 🕒 0930 Featured Speaker

- 🕒 1000 Discussion TBD

- 🕒 1030 Coffee Break

- 🕒 1100 Keynote Theme 2
Leveraging bioinformatics, big data science, and emerging technologies to study species on the move

- 🕒 1130 Keynote Theme 9
Cultural, social and economic dimensions of changes in species distributions

- 🕒 1200 Lunch and Workshops/Discussion Groups

- 🕒 1400 Breakout Sessions

- 🕒 1530 Coffee Break

- 🕒 1600 Breakout Sessions

- 🕒 1745 Social & Poster Session
